

Greenfields

IRRIGATION DISTRICT

On Wednesday August 14th, 2024, at 6:00 P.M. the Greenfields Irrigation District (GID) held its Monthly Board meeting. The following are the minutes taken from that meeting. Those in attendance were: Board President Tim Brunner, Vice President Bill Norris, Commissioners Chase Brady and Pat Brosten. Commissioner Gulick was absent. District Manager Erling Juel and Board Secretary Jenny Gulick were also present. Also, in attendance were: GID employees Eric Mayer and Steve Lettengarver. GID Range Rider Ron Wilson was there also.

The meeting was called to order by President Brunner at 6:03 P.M

Approve Meeting Minutes and Monthly Warrants: The next item of business was to approve the minutes from the July 9th Regular Meeting and Special Meeting Minutes, along with the Executive Session Meeting Minutes. There were no discrepancies found in the Regular Minutes and Commissioner Brosten made a motion to approve the minutes and Commissioner Brady seconded the motion. All in favor and the Regular Minutes were approved. The Board then reviewed the Special Meeting Minutes and there were also no discrepancies, so Vice President made a motion to approve the minutes with Commissioner Brady seconding the motion. All in favor and the motion carried. There were no discrepancies found in the Executive Session Meeting Minutes and Commissioner Brosten moved to approve them with Commissioner Brady seconding the motion. All were in favor and the minutes were approved. The Warrants List was then reviewed with brief discussion on the various warrants for hydro expenses and what those expenses were. Commissioner Brady moved to approve and pay the warrants and Vice President Norris seconded. All in favor and the motion carried.

Parties Presenting Issues: President Brunner then asked that Range Rider Wilson give the Board his input from the 5 grazing pastures he had recently inspected, handout provided. There was a brief discussion about Duane Seven's pasture regarding overgrazing and no brands on the cattle. Wilson also informed the Board that the fence on the pasture was not up-to-code. He then explained to the Board that the 3 pastures of Marty Klinker's that he had inspected were being sub-leased without permission by the Board. Manager Juel will send the lessee a letter stating they are in violation of the lease agreement and will need to ask the Board for permission or risk forfeiture of said pastures. Ron then gave the Board an update on the progress Tom McInerney has made in restoring health to his pasture.

Contacts to Execute: President Brunner had previously signed the 2 contracts that needed to be executed, which were the SRS 71 Headworks Final Close-Out Report and the State loan paperwork. Funds will be available next Friday.

The next item of business was the Manger's Report:

Reservoir and River Operations: See M.R. for full details. Reservoir and River Operations: Pishkun is at 95% of normal. The National Climate Prediction is now predicting slightly above normal temps and normal precipitation for August through October, with November through

January predicted to be normal temps and normal precipitation. Gibson Reservoir and PSC were shut down on August 1st and Pishkun was off on the 4th. President Brunner commended the management, staff and water users for their proficiency this season. Water Master Lettengarver gave the Board a brief update on the drain season.

Water Rights: Nothing new to report.

GID Staff Updates: The weed crew wrapped up their season. The mower guy/truck driver will be done at the end of next week. The Union Labor contract negotiations will begin in October.

Office Improvements & General Administration: Office Manager Gulick provided a verbal update on the progress of replacing the server. Insurance will be pulled from the ditch rider trucks through the off-season. President Brunner informed the Board and Manager that he is looking at other options for a carrier to provide GID's its vehicle coverage.

GIS Mapping, Plats, Database & Certification Updates: GIS Specialist Fry is reconciling the assessed acres again for the counties tax reports. We are working on recovering nearly \$10k in back assessments from the Broken O. The Board will need to determine how much to raise the annual assessment rate to cover anticipated increases in our labor costs, Phase 1 for the Tunnel #3 rehabilitation project, and other inflationary cost increases.

Farm Unit Operations: There are a few new pivot installations provided for the Board's FYI. Also, there are two requests from landowners to adjust and/or move assessment that will be discussed during the agenda portion of the meeting.

Monthly Financials & 2024 Budget: See the M.R. for further details. An updated budget was provided.

GID Vehicles & Heavy Equipment: See the M.R. for details regarding the need to replace our lowboy transport trailer.

Willow Creek Feeder Canal Maintenance & Lawsuit: The Mediation/Settlement Conference scheduled for August 1st has been rescheduled for Tuesday, August 27th, 2024, at 9 A.M. at the Federal Courthouse. Our attorney provided the Board with a recent case analysis and budget update, as well as a draft mediation brochure. We will need to have a quorum present at mediation, as well as a formal document drawn up giving those Board members present authority to act on behalf of the Board. Trial is still set for November 4, 2024. A brief discussion was held regarding our legal standpoint. A handout was provided by Juel that we had just recently received from our attorney outlining the plaintiffs' request for financial settlement and a brief discussion was had, but the Board will continue its discussions during an Executive Session following tonight's meeting.

Hydro Updates: General: Regarding GID's fight with NWE's intent to update the QF-1 Tariffs: Manager Juel provided the Board with a handout that is a copy of the response to NWE's letter dated 8/2. The scheduled hearing has been continued to October. Arnold Coulee LOPP: Construction has begun, pictures included in the M.R. The draft tubes are scheduled to arrive the week of September 9th. We will be submitting another Inter-cap loan draw this week. It is

our hope that the project will be producing energy by May of 2026. Pishkun Inlet Hydro: BLM will be the biggest obstacle to hurdle in the progress of this project, but all other easements should be easy to secure. We will do the bypass weir next Spring. Manager Juel sent Sorenson a request to provide the finalized construction drawings. Nothing new on the other hydro projects. See the M.R. for further details.

GID Infrastructure Projects: For Current and Planned, see the M.R. Mary Taylor Facility: We need to finalize a scope of work and list of deliverables to develop a request for engineering proposals. Willow Creek Spillway Repair: We have nearly finished the work portion and will resume hauling rip rap in a couple of weeks. Sun River Bridge Replacement: We have received a federal announcement that construction will begin hopefully in 2025. Tunnel #3 Roof Collapse: We are still short \$100k on the 1st phase. The contractor has started procuring and fabricating materials. We are currently working off the remainder of the \$500k ARPA grant.

Title Transfer: Nothing new to report

GID O&M Projects: O&M Foreman Mayer provided a very brief update. He informed the Board that the Arnolde Coulee hydro project is the focus of the crew currently, but next week part of the crew will be cleaning ditches and clearing trees on the PSC. See the M.R. for further details.

GID Grazing Lease Program: Already discussed earlier in the meeting.

FCA Efforts to Modernize GID Infrastructure: Manager Juel provided the Board with an update and a handout with some re-regulation ideas and areas that we are looking at being potential pipeline deliveries. We are working on identifying locations to upgrade and modernize major canal headworks. A groundwater study is being done by the MBMG in order to characterize and quantify the impact of irrigation operations on the groundwater system, which is the source of Fairfield's municipal wells, Tri-County district's wells and Power's future wells. This is being done in a collaboration effort with GID and SRWG.

Miscellaneous: See M.R. for details.

Short and Long-Term To-Do Lists: See the M.R. for details.

Agenda:

1. Board to review and approve request from water user, Robert Beck, to adjust a boundary line and reassign acres from FU 550.1 to FU 550, see handout. Commissioner Brosten moved to approve the request and Commissioner Brady seconded. All were in favor and the motion carried.
2. Board to review and approve the request from water user, Michael Konen, to install 2 new wheel lines on a farm unit that currently has no assessment and using his unused excess allotment to irrigate, see written request provided by Konen. Water Master Lettengarver gave the Board a brief overview. The Board did not have any issue with it and said it would only require approval at the time Konen goes to certify his irrigated acres next Spring.
3. New pivot installation FYIs provided to the Board.

4. Board to discuss and decide on the 2025 assessment rate to be provided to the counties at the end of the month. Manager Juel presented to the Board the anticipated increases to costs we can anticipate for 2025, as well as informing them that our discretionary spending is very minimal in the big picture. He explained that the increased costs we can be certain of is a 3% labor increase, \$120k shortage for the Tunnel #3 project, an increase to insurance, and the cost of replacing our transport trailer, which will be roughly \$100,000. Of the \$2.6M Inter-cap loan funds, after this week's draw, \$1M will have been used. We have an interest payment due at the end of the week, as well as regular payment of principal and interest due on 2/15 of \$27,480.44. We can anticipate a revenue generation from Arnold Coulee being around \$300k once energy is being produced in 2026. The Board Secretary gave the Board the history of the O&M rate increases over the past 5 years. Vice President Norris made a motion to increase the 2025 assessment rate by \$5/acre. President Brunner asked that the Board table this item and reconvene next Tuesday morning to make a decision when all the Board members can be present.

Public Comment: None, as Tracy Wendt with SRWG was absent.

Commissioner Brosten moved to adjourn the meeting and Commissioner Brady seconded. All in favor and the meeting is adjourned at 8:50 P.M.

Board President

Board Secretary

Board Action Recap:

- The Board approved the request to adjust a boundary line and reassign acres, Beck.
- The Board tabled the decision to be made on the 2025 assessment rate until next week.

To: GID Commissioners
Jenny Gulick, GID Board Secretary

From: Erling A. Juel, P.E., District Manager

Subject: Manager's Report 08/14/24

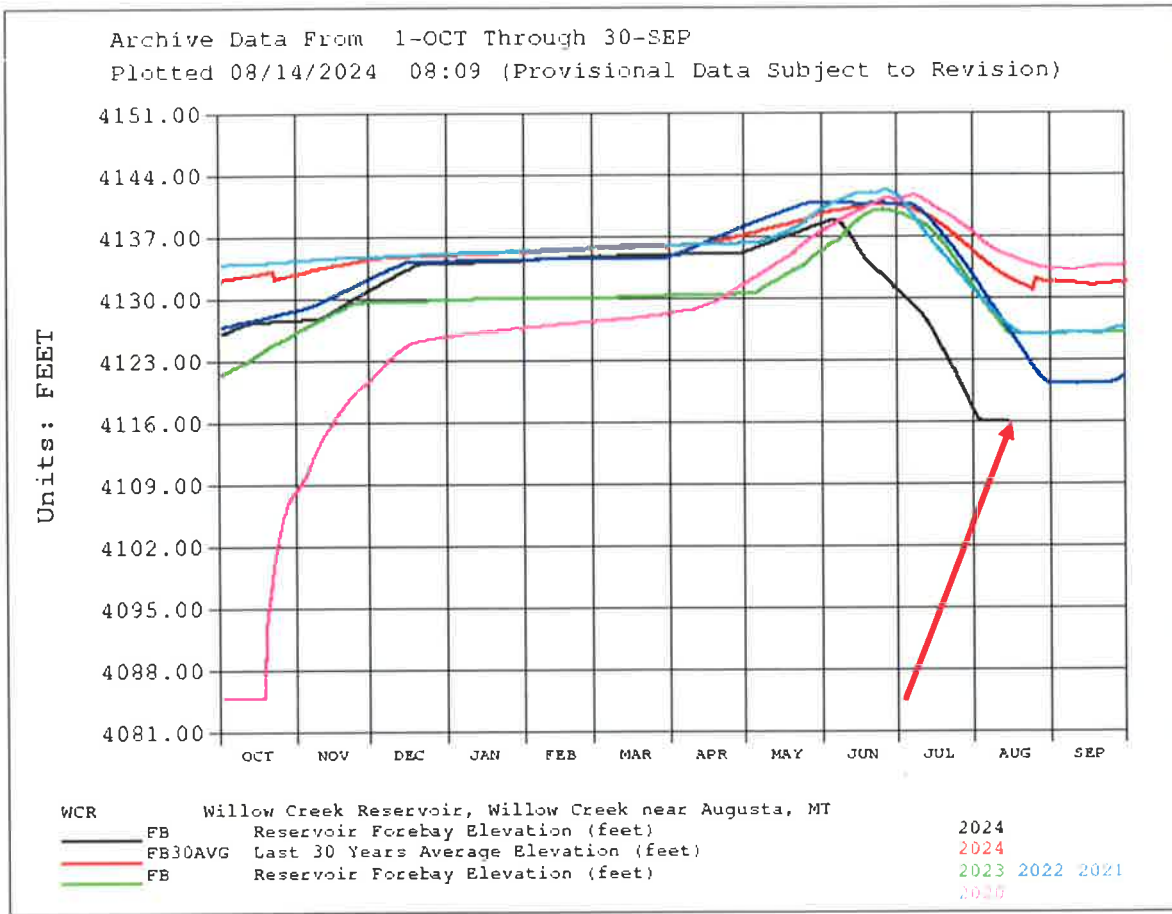

1) RESERVOIR & RIVER OPERATIONS AND PROJECTIONS AS OF 08/14/24

A. Reservoir operations and levels over the last 5 days were:

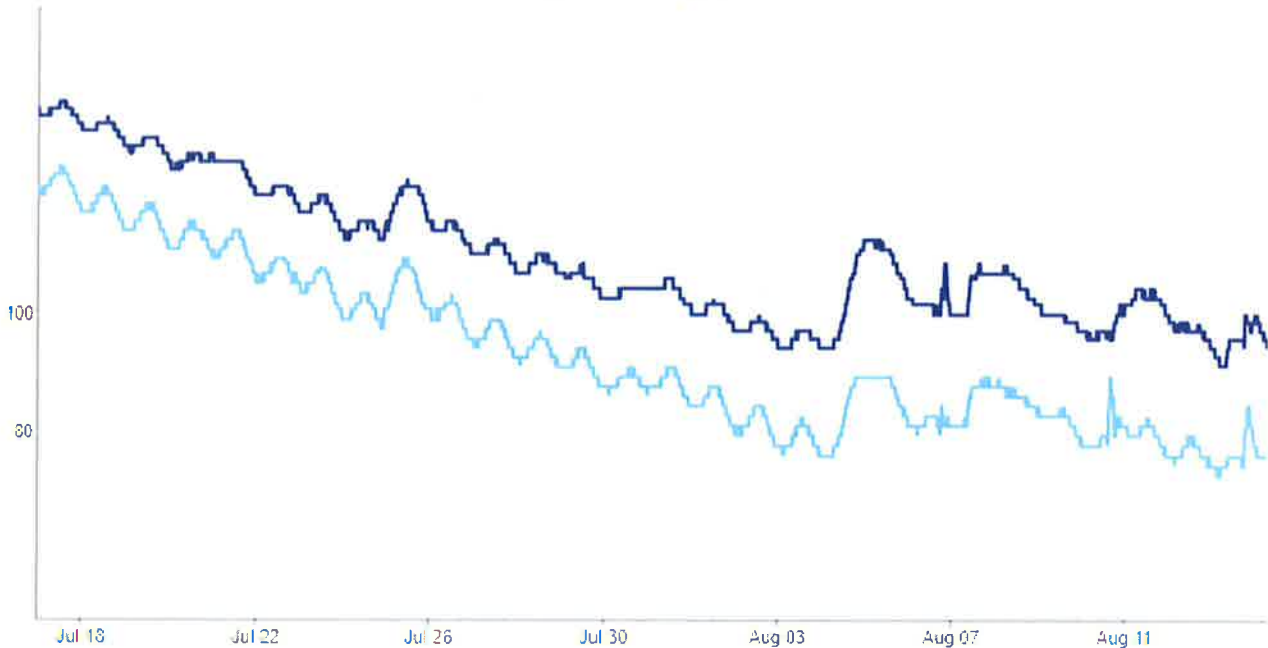

- Gibson Res: 5,550 Ac-ft, 5.6% Full & 21% of Normal,
- Gibson Inflows: varying from 160 to 220 cfs, 30% to 60% of Normal,
- Gibson Outflows: +/-180 cfs,
- Willow Creek Reservoir: 5,735 Ac-ft, 18% Full, 30% of Normal
- Willow Creek Releases: 0 cfs
- Pishkun Reservoir: 21,250 Ac-ft, 80% Full, 95% of Normal

B. The National Climate Prediction Center is now predicting slightly above normal temps and normal precipitation for August through October. November to January is predicted to be normal temps and normal precipitation.

July 15, 2024 - August 14, 2024
Discharge, cubic feet per second

IMPORTANT Data may be provisional

Show legend ▾

Selected values

Location	Value - ft³/s	Status	Time
North Fork Sun River near Augusta MT 06078500	97.0	Provisional	Aug 14 05:00 AM MDT
South Fork Sun River near Augusta MT 06079000	76.6	Provisional	Aug 14 05:00 AM MDT

C. In summary.....

1. Gibson Reservoir and the Pishkun Supply Canal were done August 1st.
2. Willow Creek Reservoir release was turned off the same time and is currently very low. Will start refilling no later than September 15th.
3. Pishkun Reservoir was off August 4th.
4. Drain season is still limping along essentially for less than 6 producers.

2) GID WATER RIGHT ISSUES

A. Nothing new to report.

3) STAFF UPDATES

- A. Reminder, the GID Labor Contract is up for negotiations at the end of the year.
- B. Weed spray crew is done for the season. The mower dude may be gone after next week.

4) OFFICE IMPROVEMENTS & GENERAL ADMINISTRATION

- A. Office Manager Gullick will provide an update on efforts to replace our aging file server.
- B. Several desk computers need replacing.
- C. Still holding off on replacing the copier.

5) GIS MAPPING, PLATS, DATA BASE, CERTIFICATION, & ASSESSMENTS

- A. Nancy is reconciling the assessed acres against the County tax rolls.
- B. Recovering nearly \$10k in back assessments from Broken O.
- C. Need to determine how much to raise the annual assessment rates to cover anticipated increases in our labor costs, the \$100k additional costs for Phase 1 of the Tunnel #3 rehabilitation, other inflationary cost increases.

6) FARM UNIT OPERATIONS

A. Additional Conversions to Pivots for Board Review as FYIs

B. Adjust boundary line between FU 550 and FU 550.1

- 1. Landowner requesting to adjust the boundary between two adjacent Farm Units to match irrigation practices.
- 2. Assessment would be adjusted commensurate boundary adjust and irrigation practices.
- 3. There will be no net change in the total assessment.
- 4. **Review handout and address during Agenda portion.**

7) MONTHLY FINANCIALS & 2024 BUDGET

- A. The account receivables for July totaled \$24,651.
- B. Accounts payable in July totaled \$338,107 for the warrants as well as \$73,516 in salaries comprising two pay periods.
- C. Need to make another draw on our BOI Loan.

8) GID VEHICLES & HEAVY EQUIPMENT

- A. Scrapped and sold for salvage our diesel transport tractor that experienced a catastrophic engine failure.
- B. Still looking to replace our 3-axle, lowboy transport trailer which experienced a major breakdown in the spring support brackets. A new, replacement trailer will cost +/--\$100k.

9) PEARSON LAWSUIT

- A. Nothing new.

10) WILLOW CREEK FEEDER CANAL & LAWSUIT

- A. Numerous filings, motions, responses, and declarations flying back and forth
- B. Provided the Board a recent Case Analysis and Budget Update from our attorney
- C. Mediation/Settlement Conference – Rescheduled for Tuesday August 27th, 2024, 9 AM at Federal Courthouse Provided a draft mediation brochure to the Board.
- D. Trial – November 4, 2024

11) HYDRO UPDATES

- A. General – Regarding GID’s fight with NWE’s intent to update the QF-1 Tariffs.
 - 1. The scheduled hearing has been continued to October.
 - 2. Costs continue to mount up, can’t really stop now.
- B. Arnold Coulee LOPP –
 - 1. **Transmission Design & Construction –**
 - Started construction of the Arnold Coulee transmission leg. See updated map.

2. **Transmission Easements** –
 - The easement for the switchyard site 2.6 miles west of Jackson's Corner will be on State Trust lands and has yet to be secured.
3. **SREC Interconnection & Transmission Agreements** – Nothing new regarding this work. Awaiting details of PPA.
4. **Power Purchase Agreement** – Negotiations with NWE are still going slow. NWE has confirmed our LEO as well as the avoided costs for the electricity in place at that time. The fight now involves the POD, we want Jackson's Corner or the substation at Bole and NWE is pushing for Great Falls. See recent letter from NWE and my response.
5. **WEEG WaterSmart Grant** – Next semi-annual performance and financial reports describing activities, due 09/30/24.
6. **INTERCAP Loan** – We will be submitting for another draw this week.
7. **Construction** – Site construction has begun.
 - New Underdrain Construction. Completed
 - BLM access road rerouted with a new gate. Completed.
 - West Embankment Construction. Need to Start.
 - Foundation Excavation. Started.
 - Start Tying Rebar and 1st Concrete Pour. Next Week.
 - Ordered 1st Rebar Package. To arrive Thursday.
 - Scheduled Delivery of Draft Tubes. To arrive week of September 9th.
 - Ordered Fabrication of Draft Tube Extension Liners.

C. Pishkun Inlet Hydro – **NEPA and NHPA are the critical paths.**

1. **Funding** – Nothing new.
2. **LOPP** – Reclamation to initiate the Final LOPP for this site soon after the Arnold Coulee site kicks loose. This includes the NEPA & NHPA process.
3. **Transmission Easements – Have not started this task.**
 - Need to establish the NEPA and NHPA requirements in order to finalize a preferred transmission route. Representatives from the BOR and SERC will discuss the next transmission route this Friday at 10am. Commissioners are invited to listen in.
4. **Transmission Design & Construction – Have not started this task.**
5. **Power Purchase Agreement – Have not started this task.**

6. **Design Drawings – Have not started this task.** Sent Sorenson a request to finalize the construction drawings.
7. **Turbine-Generator Fabrication – In Progress.**
- D. Johnson Drop – **Nothing new.**
 1. **Funding –**
 - WaterSmart WEEG – Part of the \$4.3 million grant would address finishing Johnson Drop.
 2. **LOPP –** Need to send a request to Reclamation to initiate the permitting process for this site.
- E. A-Drop – **Nothing new.**
 1. **Funding –**
 - WaterSmart WEEG – Part of the \$4.3 million grant would address reconfiguring A-Drop for future hydro.
 2. **LOPP –** Need to send a request to Reclamation to initiate the permitting process for this site.
- F. Gibson Hydro –
 1. Nothing new.

12) GID INFRASTRUCTURE PROJECTS- Current or Planned

- A. Mary Taylor Facility –
 1. Need to finalize a scope of work, schedule, and list of deliverables to develop a request for engineering proposals.
 2. This work includes replacing the Mary Taylor bifurcation as well as the headworks for GM-59.
- B. Hwy 89 Ditch Crossings – Nothing new.
- C. Willow Creek Spillway Repair –
 1. Nearly finished the spillway work portion. Will resume hauling in a couple of weeks.
- D. Sun River Bridge Replacement –
 1. Projected Schedule
 - Final Design & Advertise – Oct. 2024
 - Open Bids – Dec. 2024
 - Award & NTP – Feb. & April 2025, respectively.
 - Construction 2025 and 2026
 2. Status of Old Bridge – Still working to get the historical designation removed so the old bridge can be demo' ed as part of the overall project.
- E. Tunnel #3 Roof Collapse –
 1. Projected Schedule
 - The contractor has started procuring and fabricating materials.
 - Will be on site in September to start actual work.
 2. Working off the remainder of the \$500K ARPA grant. **Need to come up with another \$+120k.**
- F. III J-Waste Way Facility, Spring Coulee Headworks –
 1. No word yet on the \$125K RRG grant application submitted on May 15th to help with GID's matching requirements for the SRWG's WaterSmart Grant. Applications will be ranked this Fall.
- G. SRS 71 Check Replacement and Reregulation, Phase 2– SRS Main Check
 1. Similarly, awaiting the ranking of the \$125k RRG grant application submitted May 15th.

H. Pishkun Outlet Replacement –

1. Submitted an application to BOR for financial assistance regarding extraordinary maintenance (XM) work through the Aging Infrastructure Account.

13) TITLE TRANSFER

- A. **Nothing new.** If we enter a repayment contract for either the Tunnel #3 or Pishkun Inlet LOPP, we cannot finalize Title Transfer.

14) MISC GID O&M PROJECTS

- A. Eric will provide a brief verbal update.

15) GID GRAZING LEASE PROGRAM

- A. Discuss the 1st round of inspections.

16) DISTRICT MODERIZATION EFFORT WITH FCA

- A. Continuing with bi-weekly meetings with FCA.
- B. Continuing to work on the Systems Improvement Plan (SIP)
 1. Evaluating potential areas for a pressure pipeline deliveries.
 2. Looking at potential areas for regulation and inline canal storage.
 3. Identifying locations to upgrade and modernize major canal headworks.
 4. Listing areas along the Pishkun Supply Canal and the SRS Canal where seepage reduction efforts could be implemented.
- C. Got some feedback regarding our request for a groundwater study by the MBMG in order to characterize and quantify the impact of irrigation operations on the groundwater system, which is the source of Fairfield's municipal wells, the source wells for the Tri-County Water District, and Power's future wells. This study represents a collaboration of the SRWG and GID. Got the Tri-County Water District to prepare a support letter.

17) MISCELLANEOUS

- A. Still no update on the historic Muddy Creek gravel pit closeout. GID received a notification of violation from the MT DEQ. Sent an update to DEQ.

18) SHORT-TERM TO DO LIST – AUGUST

- Make progress on PPA.
- Closeout SRS-71 Headworks project.
- Continued progress on rip rap hauling effort.
- Make progress on Arnold Coulee
- WCFC Mediation Conference – August 27th 9 AM at Federal Courthouse

19) LONG-TERM TO DO LIST – SEPTEMBER & ON

- Start Repairs to Tunnel #3
- Finalize a Systems Improvement Plan (SIP) with FCA
- Meet with Reclamation staff in Billings when?? (tentative)
- Upper Missouri Conference Oct 15th and 16th

NEXT GID BOARD MEETING SEPTEMBER 10th @ 6PM

X:\Admin\Manager\Reports\2024\2024-08-14 Managers Report.docx.

AGENDA FOR: Regular Board Meeting on Tuesday, August 13th at 6 P.M.

CALL TO ORDER: Meeting called to order by Board President, Tim Brunner.

Public Comment: Prior to each agenda item...limited to 5 minutes...any Board action necessary will be addressed at the next regular meeting.

APPROVE MINUTES: July 9th Special Meeting Minutes, Executive Session Meeting Minutes and Regular Board Meeting Minutes

REVIEW AND APPROVE BILLS FOR PAYMENT—Approve July warrants and recap list.

PARTIES PRESENTING: None.

CONTRACTS TO EXECUTE: None.

MANAGER's REPORT

AGENDA ITEMS:

- 1) A GID water user is requesting a boundary line adjustment and reassignment of acres from one farm unit, 550.1, to another farm unit, 550, Robert Beck. Handout provided.
- 2) A GID water user is requesting installation of 2 wheel lines on a farm unit that currently has no assessment and using his unused excess allotment to irrigate, Michael Konen. Handout provided.
- 3) Discuss and decide on 2025 assessment rate to provide to the county by the end of the month.

PUBLIC COMMENT

- SRWG, Tracy Wendt, handout provided.
